

I am very concerned that K-LOVE might not be available to me if the expansion of LPFM takes priority over current FM translators which K-LOVE is heard on. As a parent raising two-girls, K-LOVE is one of the only "safe" radio stations we can listen to anymore. I listen to it all day at work and in my car. Keeping K-LOVE from being able to air would be a great disservice to the thousands of parents who are trying to navigate their kids through the vast amounts of unhealthy music and discjockeys that are on the air. Please don't take our K-LOVE away!

Respectfully, Cindy Sims
